Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Currently Amended) A computing device, comprising:
a processor;
a memory coupled to the processor; and
program instructions provided to the memory and executable by the processor
to:
track a virtual address space for a process associated with a device
connected to the computing device;
release a physical address space associated with the virtual address space
when the device has a connection removed from the computing device; and
register that the virtual address space, previously available to the process,
is no longer valid for process use ~~after~~ subsequent to when the physical address space is
released and before when the process has released the virtual address space.
2. (Original) The computing device of claim 1, wherein the device includes a
device which can be mapped to memory.
3. (Original) The computing device of claim 1, wherein the virtual address space
includes an input/output space.
